### **Electronic Potting and Encapsulation Products**

Dover, NH: Uraseal, Inc., an ISO 9001 certified manufacturer of urethane systems for three decades, announces the availability of Shake N' Seal encapsulating and potting kits especially designed for communications, electronic and fiber optic assembly applications. The Shake N' Seal kits are economical and easy to use. They exhibit low viscosity for easy flow and quick penetration of irregular shapes and deep potting applications. The products also exhibit fast gel time and fast cure time, making them ideal for assembly line applications. The Shake N' Seal single use kits eliminate mix ratio errors and minimizes waste. Shake N' Seal kits are perfect for assembly lines, field kits and repair kits. For over 30 years, Uraseal has provided the highest quality and most cost effective solutions for sealing small diameter cable connections. For more information, call Uraseal at 1-800-749-2788 or visit our website at [www.uraseal.com](http://www.uraseal.com).
